An Ancient Blend

A Body of Ingredients that's Good for Everybody — Tiger Balm's revitalizing relief is based on a time-proven blend of Eastern ingredients known for their curative effects.

Recommend Tiger Balm for relief of:

- Neck and Shoulder Pain
- Back Pain
- Joint Pain & Sprains
- Muscle Pain

POWERFUL HERBS & OILS

Tiger Balm uses powerful herbal blends of medicinal plants and essential oils to naturally ease muscle and joint pain and swelling from head to toe:

CAMPHOR — increases local blood flow and is a counterirritant, which reduces pain and swelling. Found in most of our products.

MENTHOL — menthol causes an initial sensation of coolness that is soon followed by a sensation of warmth. A staple in all products.

CAPSICUM EXTRACT — an active component of chili peppers provides pain relief. Found in our patch products.

OTHER ESSENTIAL OILS — cassia, cajuput and clove oils are known herbs in the aromatherapy world. And blended with our active ingredients, camphor and menthol, give our formula its unique “Tiger Balm scent.”

EUCALYPTUS OIL — found in the Tiger Balm patch & liniment products, brings a cooling and warming sensation, as well as anti-inflammatory and analgesic properties that ease muscle and joint pain.

Your patients will thank you!

Tiger Balm products come in a variety of forms to best fit your needs.

Balms and Ointments—Available in several different concentrations of herbal ingredients, provides temporary relief of minor aches and pains. The ointment formulas massage onto the body smoothly, allowing the ingredients to be massaged thoroughly on the treated area.

Patches—Available in two sizes, the stretchable and ventilated patches provide targeted muscle pain relief for hours. Clean and low-odor pain relief.

Liniment—For application across larger body areas, a fast-acting liquid formulation that quickly penetrates painful areas. Excellent for clinical use.

虎 100!

Tiger Balm is over 100 years strong, originating from an apothecary shop in Rangoon in 1870, it has expanded to deliver pain relief around the world. No matter where your patients need safe, effective, fast-acting pain relief, **Tiger Balm Works Where it Hurts®**.
